SUMMARY

Self-taught Full Stack JavaScript Developer with 3 years of experience, specializing in frontend development. Proficient in React, Next.js, and TypeScript, with solid hands-on experience in Node.js for backend development. Passionate about building high-performance, accessible, and well-architected interfaces.

WORK EXPERIENCE

[Alter Systeme](#)

July 2023 – Present · 3 years 1 month

Full Stack Developer

Full-Time – Remote

- Took part in product design and cross-team design workshops within an agile startup environment.
- Contributed to the technical architecture of applications, on both frontend and backend.
- Built user interfaces with React and Next.js, and developed backend features with Node.js.
- Took part in regular code reviews with the team to ensure quality and maintainability.
- Contributed across the varied responsibilities of a startup dev environment (product, deployment, technical support).

[Safe Labs Agency](#)

February 2022 – June 2023 · 1 year 4 months

Frontend Developer

Internship (3 months) → Full-Time – Marrakech, Morocco

- Designed mockups and interfaces for web and mobile projects.
- Built frontend features for web applications.
- Developed mobile applications with Flutter.
- Worked closely with the design team to ensure UI/UX consistency across platforms.

PROJECTS

Alliance Maroc Palestine, Alter-Systeme — all-maroc-palestine.org

Multilingual social platform for submitting ideas, turning them into concrete projects, and organizing fundraising campaigns to support the Palestinian people.

- Designed the mockups in Figma.
- Built the platform's frontend end to end.
- Contributed to backend development.

Stack: React · TypeScript · Node.js · Redux · Tailwind CSS

HomeoDiag, Moroccan Homeopathy Association — homeodiag.com

Homeopathic diagnosis assistance platform, built to establish a diagnosis from the information gathered during consultation rather than simply recording it.

- Designed the platform's UI/UX.
- Built the majority of the frontend.

Stack: Next.js · Tailwind CSS · TypeScript

Alter-Systeme Website, Alter-Systeme — alter-systeme.com

Designed and built the company's website single-handedly, end to end.

Stack: Next.js · Tailwind CSS

EDUCATION

Master's in Financial Management and Accounting

École Nationale de Commerce et de Gestion (ENCG), Tangier, Morocco

TECHNICAL SKILLS

React · Next.js · TypeScript · Tailwind CSS · Redux · Node.js · Vitest · Cypress · Framer Motion
